TO THE CITIZENS OF RENO.

I HAVE BEEN A RESIDENT OF YOUR town for three years, and outside of my own business have not seen a decent pair of boots that were made here. In order, therefore, to extend to everyone facilities for obtaining really first-class boots and shoes, I have sent to San Francisco for two A. No. 1 mechanics, the best to be found in the country, and shall run (as heretofore) a prime first-class shop. This on enlargement of my stock and facilities will entail heavy extra expense, and I look and trust, therefore, to Reno's citizens, and all the people generally desirous of obtaining the very best of workmanship, to aid me with their increased patronage. First-class material, first-class workmen and first-class work, at living rates, is the motto of my cost of arms inscribed on the banner floating from my castle walls.

Respectfully, H. F. PAYOLA.

THE INTERNAL REVENUE.

Increased Receipts During the Present Fiscal Year.

A statement prepared at the office of the Commissioner of Internal Revenue shows that the aggregate receipts during May, 1893, were \$336,818 greater than during the same month of 1892. There was an increase of \$231,729 from spirits, an increase of \$220,527 from tobacco, an increase of \$147,363 from beer, a decrease of \$84,049 from banks and bankers, and a decrease of \$188,752 from miscellaneous sources. In the taxation of tobacco there was an increase of \$119,900 on cigars, a decrease of \$31,930 on cigarettes, an increase of \$17,531 on snuff, an increase of \$815,809 on chewing and smoking tobacco, a decrease of \$525,763 from dealers in manufactured tobacco, and a decrease of \$67,039 from all other sources.

The comparative statement of the collection of Internal Revenue during the first eleven months of the fiscal year ending June 30, 1892 and 1893, shows the following: Total receipts from spirits, 1892, \$64,514,092; in 1893, \$68,852,085; increase, \$4,338,563. From tobacco, 1892, \$13,450,981; in 1893, \$39,772,075; decrease, \$26,321,094. From fermented liquors, 1892, \$14,410,844; in 1893, \$15,051,493; increase, \$640,649. From banks and bankers, 1892, \$3,888,721; in 1893, \$3,648,561; decrease, \$240,160. Miscellaneous, 1892, \$7,334,571; in 1893, \$7,249,969; decrease, \$84,602. Total receipts in 1892, \$193,608,009; 1893, \$194,064,768; increase, \$456,759.

Pennsylvania Politics.

Senator Stewart, leader of the Independents last year, in an interview with a Press reporter the other day said: "There was never a taint of malice either in my candidacy for Governor last year or in the entire Independent movement, and the Republican party of this State is stronger to-day than ever, because its spirit has been quickened, its purposes broadened and the limits of individual ambition made as wide as the whole party. I have faith that Pennsylvania will cast her vote for the Republican Presidential nominee, as well as for the State ticket next Fall, as certain as the election day comes. Governor Pattison has done nothing to strengthen his party, but, on the contrary, has weakened it."

A Decapitated Sherman.

The revenue collector decapitated at Des Moines is the brother of General and Senator Sherman, who has held the position for fifteen years. Frank Hatton is charged with having managed the reorganization. The influential Republicans of Des Moines propose to test their influence at Washington in settling matters right.

The President has made several modifications in the recent Executive order relating to consolidating internal revenue districts. In the original order the districts of Montana, Utah and Idaho were consolidated, and O. J. Hollister, Collector of the present Utah district, was nominated as Collector. This was changed by the designation of Thomas P. Fuller, Collector of the present Montana district, as Collector of the new district, vice Hollister, dropped. The change was made because of greater collections in the Montana district.

It is understood that on Tuesday next, July 3d, Governor Butler will go to Williamstown to be present at the commencement of Williams College on the next day, at which, it is rumored, he will not only utter the customary words of congratulation and advice, but will discuss the questions of free trade and protection.

It is given out as a result of the conference of the manufacturers of barbed wire with the Washburn Moen Company, that the royalty will be reduced about half. Such a reduction will please the farmers of the country.

The Readjusters of Virginia and the Coalitionists of North Carolina take great delight over the re-arrangement of the Internal Revenue districts in their States. In Virginia, the President has acted on the advice of Senator Mahone in every respect.

The Stockton Independent is authority for the statement that the School Directors of that county visit and inspect the schools on an average of once in twenty-eight years.

D. B. Parker, Chief Inspector of the Postoffice Department, declines the appointment of Postmaster of Washington, with an increase of \$1,500 salary.

The President has appointed Frank D. Conger, a son of Senator Conger, of Michigan, as Postmaster at Washington.

An Equine Wonder.

The Sacramento Record-Union, of Thursday, says:

Yesterday Horace Eldred, of the State House Hotel, purchased of S. Trefry, a promising young trotting horse, for which he paid \$4,000 in cash. This horse is a bright bay gelding, sixteen hands high, and 5 years old. From trials at Agricultural Park this horse has proven himself to be the fastest that ever trotted over that course, if not the fastest in the world. He has with apparent ease trotted a quarter in 30 seconds, a half in 1:04, and a mile in 2:09. Mr. Eldred was offered within an hour after his purchase \$6,000 for the animal, but says he will not dispose of him until the time of Maud S. is elapsed by at least a couple of seconds. The horse is strong, compactly built, and as pretty as a picture. He was raised by Mr. Trefry near Salinas City. The horse has been placed in charge of P. Williams, a competent trainer, and is stabled at Agricultural Park.

Butter to be Cheaper than Lard.

The annexed is clipped from the last issue of the Sierra Valley Leader: Butter is becoming a drug on the market. A good quality brings only about twenty cents a pound in the valley and there is no sale at all for a bad quality. The demand is very light and our dealers hesitate about buying any large quantities. Butter made at this season of the year will not keep and has to be forced on the market at whatever price buyers will offer. In view of this state of affairs, why do not our dairymen make cheese instead of butter? From two to three pounds of cheese to one of butter can be made from the same quantity of milk, and the former can be kept, if properly handled, for a long time and until the state of the market will command for it a good price and a fair profit. Why wouldn't a few cheese factories like there are in the East do well in this valley? The climate is good for the business and the grass and cool water cannot be beaten. If some practical cheese makers could be induced to take hold of the matter we are confident that they would make a success of it.

"A Damn Fool, Sir."

A Greenbacker, who had formerly been a Republican, was sitting on the steps of a Reno hotel the other evening, discussing the financial question, when he was approached by a ballplayer who asked: "What were you before you became a Greenbacker?" "A damn fool sir," was the ready and by no means untruthful reply.—Plaindealer.

Killed by Ice Water.

The Sacramento Bee, of Friday last, records the following: George C. Barton, bookkeeper at Weidmann's candy store, died last evening of inflammation of the bowels produced by drinking ice water. He became ill day before yesterday. He was aged twenty-five years. His father lives at Ferndale, Humboldt county. A brother, Charles Barton, and two sisters live here, and one brother resides at El Paso. Deceased was an estimable young man. He was a member of Court Sacramento of Foresters and of the Native Sons, whose flag is at half-mast.

The San Francisco Alta says it is reported that ex-Senator Hendricks has fallen so far behind in the Presidential procession that he can't hear the band play.

Butler is a diplomat of the deepest dye.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-sw-lyr.

Osborn & Shoemaker have just received from the manufactory in the East a large lot of Royal St. John Sewing Machines, which they are selling at prices below what other sewing machines can be sold for, as they get them directly from the manufactory and pay no middle-men profits. These are fast becoming the leading machines. Call and see them.

The most healthy and popular drink of the season is the ice cold soda water, sparkling with purest gas and flavored with true, delicious fruit syrups, to be had only at Queen's soda fountain.

The best known remedy for coughs and colds is the Infalible Cough Mixture prepared by Osborn & Shoemaker.

Home Comfort.

After a Rainy Ride a Country Physician Tells What He Thinks of Some People.

"I wish to gracious some people would learn when they need a doctor and when they don't," exclaimed Doctor B., as he entered his house in a cosy little village in the interior of the State of New York, after a tedious night ride of many miles. "I have been down among the mountains to see a man, who the messenger said, was very sick and not likely to live till morning, unless he had immediate help; and found him suffering from a sharp attack of colic, which his family might have relieved in ten minutes, if they had a grain of sense and two or three simple remedies in the house. But no; they must remain ignorant as pigs and when the least ache or pain takes them, send for a doctor, whether they ever pay him or not."

"Why, Doctor, what kind of simple remedies, as you call them, do you expect to keep in the house?" asked his wife, as she poured him a cup of hot tea.

"In this case," answered the Doctor, "if they had only put a BENSON'S CAPSINE POROUS PLASTER on the man's stomach, he would have been all right in an hour, and saved me a dreary ride."

In all ordinary complaints it cures at once. All diseases are eliminated from the system by what may be roughly called a purgation or extraction, or by a union of two processes. Benson's Plaster promotes both. It incites the torpid organs to act, and sends its healing, soothing influence through the myriad pores of the skin. All other plasters oblige the patient to wait. They give him hope for to-morrow. Benson's Plaster gives him help to-day. Which is better, do you think? Buy the CAPSINE and keep it in the house. Price 25 cents. Seabury & Johnson, Pharmaceutical Chemists, New York.

Government Surveyors.

Two surveyors attached to the Russell Geological Expedition, which has been engaged in mapping the shores of the ancient lakes of Nevada, stopped at Winnemucca last Thursday, and took the instruments left there by the Webster party last Summer with them to Mason Valley, where they resume operations this season. So the Silver State says.

Railroad Appointments.

Geo. Crocker has been appointed Assistant Superintendent of the Central Pacific Railroad and leased lines. It is a newly created office. J. P. Meehan has been appointed as Superintendent of the Pullman sleeping car service, to go into effect July 1st on Pacific roads. His office will be at Oakland.

The Russell-Bergman case had to be again postponed yesterday owing to the absence of Dr. Hogan. It will be taken up again to-morrow.

IN AND OUT OF TOWN.

What is Being Said and Done in a Small Way.

Don't drink too much ice water.
To-morrow will be "steamer day."
The colicky cucumber has put in its appearance.
County Commissioners will be in session to-morrow.

The President has reappointed S. W. Chubbuck Postmaster at Gold Hill.

Ice cream and cool drinks were in great demand yesterday and last evening.

Members of Reno Encampment, No. 5, I. O. O. F. are reminded of the meeting to-morrow night.

At this time a year ago ground barley sold freely at 2 60, but now it is a drug in the market at 1 75.

Constable Nash declares he will make it lively for all who persist in throwing bundles of waste paper into the streets.

There is a well known lady at Virginia, stone blind, who can distinguish the various colors merely by the touch.

The semi-annual State appropriation for the public schools commencing July 1st will be \$17,000 against \$20,000 last year.

The Methodist Sunday school picnic yesterday was a grand affair for old and young, and the entire crowd had a lovely time.

Work has not yet been commenced on the new Verdi bridge. The new road is not yet graded but work is progressing favorably upon it.

The coinage at the Carson Mint for June, 1883, was as follows: Double eagles, \$114,810; standard silver dollars, \$100,000. Total, \$214,810.

Those who contemplate taking in Higgins' excursion to Tahoe on the 4th are requested to hand in their names to him immediately. The price of a ticket for the round trip is \$8.

While wheat in California has gone down sixty cents, Nevada wheat has advanced forty cents, a difference of one dollar. There was not a pound of last year's Nevada crop on hand March 1st.

Services in the Baptist Church on Sunday July 1st at 11 o'clock A. M. and 7:30 P. M. by the pastor, Rev. E. B. Hatch. Morning Subject: "Christ's Prospective Joy." Evening: "Jacob's Ladder." Seats free and all made welcome.

General Kittrell, who has heard a good deal about materializing mediums in Carson city, says that no medium can give seances to him unless he agrees to materialize the old spirit of Democracy, which was vital in the Jacksonian days. The Appeal says "the spirits state that they are hardly equal to the task of bringing up anything as defunct as this from the shades."

The JOURNAL should be sorry to learn that either Deacon Dillman, or Deacon Bender, or Deacon Shoemaker, or Deacon Leete, or Deacon Holesworth, or Deacon Fowle, or Deacon Fulton, or Deacon Williams, or Deacon Manning, were the victims of an accident while attending church to-day, by reason of the bad condition of the sidewalk in front of the Episcopal edifice. For fear of an accident some of our Doctors should be close at hand.

Post Office Regulations.

Postmaster Jamison has received instructions from the Postoffice Department to the following effect:

"Postmasters at offices not located in Government buildings must require a deposit of fifty cents for each key to lock boxes. On return of key the money will be refunded. Necessary repairs for locks, for which deposits have been received, will be allowed."

"Letters addressed to friends of owners of a box, stopping temporarily with him, may be placed in the box if directed to his care or number of the box."

"All box rents must be paid within ten days after commencement of quarter or they will be declared vacant. The Department will insist upon a strict compliance of this regulation."

"A person renting a box is entitled to have the letters of his family put into it. Each box must be restricted to the use of one family, firm or corporation."

Mr. Jamison will proceed to enforce these requirements, as his instructions from the Department are peremptory.

The Sabre-toothed Tiger.

The Walker Lake Bulletin says "the Carson Appeal man has applied for the privilege of conducting the explorations in the curiosity bed at the State Prison. Since the discovery of the teeth of the sabre-toothed tiger, further explorations have laid bare a series of petrified stripes, which, although they resemble those on the convict suits, undoubtedly belonged to the tiger. The stripes are perfect in form and color, and, although at present flattened out like a door-mat, were evidently at one time a comfort and ornament to their wearer. The Appeal man has a theory which he wishes to test, and has a force at work in eager search for more relics of forgotten ages. The work is being carried on with every precaution against accident, and it is necessarily slow. At last accounts the workmen had uncovered the corner of something which has not yet been classified, but when the sand was brushed off the Appeal staff expressed a conviction that it was one of the piercing howls of the animal, uttered as it was caught in the convulsion which handed down its other remains for the benefit of scientific research. The discovery is deemed very promising as the explorers are now very hopeful of finding the great object of the search. The theory of the Appeal is that close to the body will be found the carnivorous appetite of the tiger, and the discovery of the howl has put new life into the work. It is the intention of the editor to keep it in his private collection, not for exhibition, but to be carried with him, as an assistant, when invited to dinner by delinquent subscribers."

W. C. T. U.

The State organization of the Women's Christian Temperance Union for Nevada includes that part of California east of the Sierra Nevada mountains. The officers are not all elected. It is designed to have a Vice-President in each county of the State, and several superintendents are still to be elected. The officers elected are: Mrs. Wm. Webster, Reno, President; Mrs. S. M. Fassett, Reno, Vice-President for Washoe county; Mrs. General Davenport, Carson, Vice-President for Ormsby county; Miss Nellie White, Loyalton, Vice-President for Sierra county, California; Miss H. K. Clapp, Carson, Corresponding Secretary; Miss Eva Barnes, Reno, Recording Secretary; Mrs. Dr. Waggoner, Reno, Treasurer; Mrs. E. V. Spencer, Susanville, Superintendent of Young Ladies' Work; Mrs. Rev. M. N. White, Virginia City, Superintendent of Sunday-school Work; Mrs. H. H. Howe, Carson, Superintendent of Scientific Work; Mrs. Rev. J. D. Hammond, Carson, Superintendent of Petition Work; Mrs. M. A. Fisher, Carson, Superintendent of Press and Library Work; Mrs. Rev. A. B. Palmer, Reno, Superintendent of the Department of Hygiene; Rev. A. B. Palmer, Reno, Auditor.

State Land Matters.

The Carson Appeal says "Surveyor General Preble has this month disposed of nearly 6,000 acres of State lands. In connection with this fact it will not be amiss to show the great increase in the business during the preceding six months. Since January 1st, 1883, 215 land patents were issued, while the total since the organization of the State is only 1,887. The total number of land contracts made since the latter period is 1,865, while during the past six months 312 were made, thus showing a great augmentation in the demand for Nevada lands. Another fact worthy of mention is that General Preble, with the assistance of Capt. W. T. Hanford, have condensed and simplified the accounts and records of that office in a manner that reflects credit upon them."

A Violent Stallion.

Smith Hill was badly treated at his ranch in Spanish Springs Valley yesterday afternoon by a stallion, which attacked him in the corral, and forced him to the ground stamped and bit him so severely as to cause Mr. Hill to faint several times. Such are the meagre particulars brought to Reno. B. F. Sheldon went out immediately with a medicine chest to furnish relief to the injured man.

BACKS UP—The Carson Appeal of yesterday morning says: "The Reno folks have got their backs up and will not join in the Virginia celebration." It has always been the case that when the people of Virginia have started in for a Fourth of July celebration about half the neighboring towns have found some excuse for either getting their backs up or going into a fit of sulks and ponting. The Enterprise, June 30th.

Reno now turns the other cheek to you.

HARD LUMPS IN BREAST.

Dr. R. V. Pierce, Buffalo, N. Y.: Dear Sir—I wrote you some time ago that I thought I had a cancer. There was a large lump in my breast as large as a walnut, and had been there four months. I commenced taking your "Golden Medical Discovery," "Favorite Prescription" and "Pellets" in June, and the lump is gone. Yours gratefully, Mrs. R. B. CLARK, Irvington, Mich.

ADMISSION DAY.

A Proposition to Celebrate it at Carson.

The JOURNAL is in full sympathy with "Pennington" in his Admission Day proposition in the Carson Tribune. Here it is:

Now that our financial solidity is satisfactorily assured, I wish to make a patriotic proposition. It is that next Admission Day be celebrated in grand style. Nevada's Admission Day is October 31st.

On the 31st of October, 1864, Abraham Lincoln, President of the United States, proclaimed Nevada "admitted to the Union on an equal footing with the original States." The Constitutional Convention was held in Carson, and so of course the proper place for holding the celebration will be here. Even if we can't get up much of a Fourth of July celebration, we ought to do pretty well on an Admission Day scheme.

Several of the framers of the Constitution are yet alive and within reaching distance, and no doubt their attendance could be secured. Of these I nominate Hon. Thomas Fitch as orator, Hon. John H. Kinkead as President of the day, Hon. J. W. Haines as Grand Marshal and Hon. H. G. Parker as poet. A review of Nevada's history by Tom Fitch would be interesting as well as eloquent.

My proposition, of course, is to have the celebration next October, but as it will be only the 19th anniversary of Nevada's birthday as a State we might wait until a year from that time.

THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 2.50 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the county. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

"BECAME SOUND AND WELL."

R. V. Pierce, M. D.: Dear Sir—My wife, who has been ill for over two years, and had tried many other medicines, became sound and well by using your "Favorite Prescription." My niece was also cured by its use, after several physicians had failed to do her any good. Yours truly,

THOMAS J. MATHVIN,
Hatcher's Station, Ga.
